

CIRCULAR NO. SHD/G/02012026

30 Jan 2026

To: All Port Users

## REVIEW OF PSA SERIOUS SAFETY INFRINGEMENTS

1 As part of our ongoing commitment to enhance the safety of all port users, we are implementing measures to improve responsible driving within the container terminal facilities. These measures include increasing demerit points arising from an accident due to dozing off. Such incidents can potentially result in very serious consequences.

2 The table below reflects changes to the demerit points:

S/n	Rules	Demerit points	Enforcement charges
1.	Causing accident due to dozing off	12 (increase from 8 points)	\$300 (no change)

3 The changes will be effective from 1 February 2026. These measures are designed to ensure a safer environment for everyone using our port facilities.

4 For your compliance please.
